Liver Disease (/en/intl\_liver\_disease\_portal)

Criteria For Selection

Program Overview

# Liver Disease

## CRITERIA FOR SELECTION

In their evaluation, the *Committee* will consider the following criteria:

### Criterion 1: Evaluation of the Applicant

- Potential for a career in liver disease related research
- Academic record
- Prior research experience and/or publications

### Criterion 2: Mentor/Training Plan and Scientific Environment

- Letter of support from mentor which includes: mentor's track record of productivity, funding, and success with prior trainees; detailed description of the mentoring plan, including available resources allocated to the proposed research project, provision of protected time, and available laboratory facilities
- The mentor is a well-established scientist whose research accomplishments have resulted in the bestowal of "tenure," i.e., long-term commitment of salary, personnel, and research resources
- The mentor has the experience to direct the proposed research training, as evidenced by the letter of support
- The training plan is sufficient to facilitate the applicant's progress towards his/her research career goals
- The proposed scientific environment contributes to the probability of success for the training experience
- Letter of support from the department chair or division chief that documents the institution is willing and has the ability to commit the resources necessary for the applicant to complete the proposed research, including sufficient protected time

Application Deadline  
February 26, 2021 11:59 PM CET

Criterion 3: Evaluation of the Proposal

3 MONTHS 6 DAYS 15 HOURS 37 MINUTES

- **Innovation and Significance:** The research proposal is new and original and addresses an important question/issue related to liver disease. The proposed study will have an effect on concepts, methods, and/or technologies related to liver disease research
- **Approach:** The conceptual framework, design, methods, and analyses are adequately developed, well-integrated, well-reasoned, feasible (as determined by preliminary data or the expertise available), and appropriate to the aims of the project. The applicant acknowledges potential problem areas and considers alternative tactics
- **Feasibility:** The project, as described in the submitted proposal and budget, can be accomplished within the timeframe of the award

Job code: AU-LVD-2020-10-0003

Date of Prep: October 2020
